

Contacting a seller

How you contact a seller on AMP depends on whether you've already bought an item from them or not.

If you've already bought an item from a seller, you can contact them through the AMP Administrator.

Completing a purchase outside of AMP

One of our top priorities is protecting our members, so we don't allow contact information to be used to complete sales off our site. When this happens, it poses a risk of fraud and buyers and sellers aren't covered by our protection programs if something goes wrong. If a seller asks you to complete a transaction outside of AMP, please [let us know](#).

Read our policies on [False or missing contact information](#) and [Offers to buy and sell outside of AMP](#) for more information.
